We are shared contact centre service provider who has been empowering clients around the world to achieve business transformation and growth through our services that boost process and operational efficiencies

499/Month

Start-up Package for Entrepreneurs

GP Asia provides 24 X 7 BPO (business process outsourcing) service which enables your business to focus on the core business operations.

We have introduced a start-up package which gives you the facility for a dedicated land line and covers up to 40 cases (call or email support) for 8 hours (5 days). This works out to be an average of 2 calls/emails support per day.

A monthly standard report will be provided to you which consist of number of calls received and also the unanswered missed calls via email.

Our each outbound call to your customers will be at a rate of RM 0.30 per min

- One main line will be provided as a dedicated number with professional receptionist who will be introducing your company name and providing secretarial services
- Up to 40 cases per month
- Additional charge RM 8.00 on exceeding 40 cases
